Profile

David is an experienced Rehabilitation Case Manager and Chartered Physiotherapist with over a decade of clinical experience. His expertise lies in managing complex orthopaedic injuries, amputee and prosthetic rehabilitation, and supporting individuals with brain injuries, mental health challenges and chronic pain.

David brings extensive experience in developing tailored rehabilitation programmes, coordinating multidisciplinary teams, and ensuring goal-focused, person-centred care. David's NHS background includes trauma and orthopaedics, neurosurgery intensive care, musculoskeletal outpatients and community rehabilitation, providing him with a comprehensive understanding of multidisciplinary care and patient-centred approaches in both the statutory and private sectors.

Known for his compassionate approach and clinical expertise, David excels in creating bespoke rehabilitation plans, collaborating with legal and medical professionals, and delivering clear and concise, evidence-based reporting.

His commitment to empowering clients to regain independence and improve quality of life ensures successful and meaningful outcomes.

Testimonial

"As you may already be aware of, the personal injury claim regarding myself has now been settled and I would like to say a big thank you for all your expert help and support over these past few years. Your presence as a rehabilitation manager really has been invaluable to me and I truly don't know what I would do without you. Thanks again for everything" – *Client*
