Profile

Odele is a highly skilled and compassionate clinician with over 12 years' experience in paediatric complex care and neurorehabilitation, providing expert leadership and care coordination across hospital and homecare settings. As a proactive and dedicated case manager, she delivers holistic, family-centred advocacy and support, empowering clients to reach their full potential.

Her experience includes supporting children and young people with complex medical needs such as tracheostomy, ventilation, enteral feeding, seizure management, and rehabilitation following brain, spinal or orthopaedic injury.

Odele brings a calm and confident approach to care transitions, discharge planning, and multi-agency collaboration. She provides personalised support tailored to each client's individual goals and abilities, while remaining committed to delivering safe, consistent, high-quality care that aligns with best practice and honours client and family preferences.

Odele is experienced in managing care teams for clients with complex care needs, including developing detailed care plans and risk assessments, as well as delivering clinical training and competency assessments for care staff.

With this extensive experience, Odele guides families through periods of change with reassurance and expertise, building trusting relationships and ensuring continuity of care. As a passionate advocate for her clients, her dedication is reflected in her clear, thoughtful, and evidence-based report writing.

Testimonial

"We are deeply grateful for the exceptional care Odele provided for our eldest son. Her dedication, compassion, and expertise made a profound difference to our family during a challenging time." – *Parent of a client.*
