Sruthi is a highly driven case manager who has been successful in a range of clinical roles for over 10 years, whilst excelling within the assessment and management of acquired brain injury, amputation, and orthopaedic injuries. She has worked extensively with clients with complex physical and psychological conditions, supporting them to achieve their potential through resourceful, coordinated, and clinically-effective rehabilitation plans that are also cost-effective.

In addition, having worked alongside colleagues in the NHS and local authority Sruthi has developed a robust understanding of statutory health and social care provision. She recognises the critical importance of good communication with the relevant professionals to ensure effective treatment plans and timely delivery of outcomes.
