Profile

Lucy is a highly skilled case manager with over 28 years' experience working in healthcare. She worked as an Occupational Therapist for 12 years in the NHS in acute services, community rehabilitation and specialist rehabilitation units. A career in the private sector as an Independent Occupational Therapist followed, before Lucy became a Case Manager in 2016. She carries a complex caseload of private and medico-legal clients with Traumatic Brain Injury, Spinal Cord Injury and other life-changing injuries.

She has substantial clinical experience in managing clients with long term neurological conditions and complex needs. She has a clear understanding of the client and family journey through the rehabilitation and legal process and is known for her practical and collaborative approach to ensure the best possible outcome.

She is proactive, positive, and compassionate in her work where she is known to quickly develop trusting relationships with her clients and their support network.

Lucy values good communication and working as part of a team where she aims to overcome barriers and places her clients and their families at the centre of the case management process.

Testimonial

"I have worked with Lucy since February 2018 on a complex case involving a young man with a mixed presentation of autism, learning difficulties, and a traumatic brain injury. During this time, Lucy has overseen numerous major transitions, including the settlement of his legal case, securing appropriate housing, and supporting two changes of care team.

Throughout this journey, Lucy has led a multidisciplinary team of therapists and care staff with exceptional professionalism, skill, and compassion. She is highly responsive, an excellent listener, flexible in her approach, and a natural problem solver. Thanks to her dedication to both the team and the client, this young man has made remarkable progress toward a fulfilling and happy life.

I would highly recommend Lucy as an outstanding Case Manager for complex care cases."
